

Department of Electrical and Electronics Engineering

The department provides engineering education on the subjects of electrical machines, electrical plants, renewable energy sources, medical electronics, circuits and systems, electronic and electromagnetic fields and microwave technology, telecommunication, control and remote control systems at undergraduate and graduate levels.

At the Master's level, it is aimed to gain the ability to conduct scientific research and to offer solutions to the problems. At the PhD level, it is aimed to analyze the scientific subjects from a broad and deep perspective and to contribute to the science with new syntheses.

Academic Staff

Prof.Dr. Ali Fuat Boz
Prof.Dr. İhsan Pehlivan
Prof.Dr. Raşit Köker
Assoc.Prof. Metin Varan
Assoc.Prof. Sezgin Kaçar
Assoc.Prof. Murat Karabacak
Assoc.Prof. Akif Akgül
Assoc.Prof. M. Zahid Yıldız
Assoc.Prof. Yavuz Sarı
Assoc.Prof. Faruk Yalçın
Asst.Prof. Ahmet Karaca

Asst.Prof. N. Berna Teşneli
Asst.Prof. Halil Arslan
Asst.Prof. Barış Boru
Asst.Prof. İlker Dursun
Asst.Prof. Serkan Dereli
Asst.Prof. Gökhan Atalı
Asst.Prof. Zeynep Garip
Asst.Prof. Erdal Büyükbıçakçı
Asst.Prof. Burak Arıcıoğlu
Asst.Prof. M. Server Fırat

Graduate Programs

- Master Programs with Thesis
- PhD Programs
