

Sakarya University of Applied Studies

Graduate School Institute

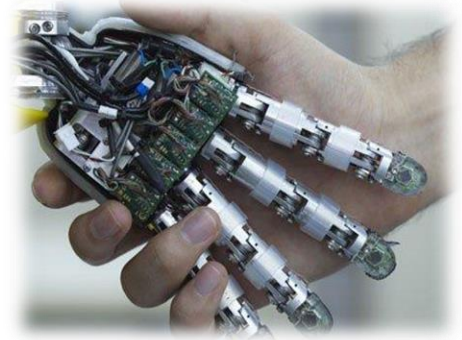

Department of Mechatronics Engineering Institute

The mechatronics engineering graduate program offers a nationally and internationally recognized education and training on basic engineering disciplines. The program aims to educate mechatronics engineers who have application skills required by related industrial sectors, have high academic level, are self-confident, open to development, thinking scientifically, productive and virtuous at the Master's and PhD levels

Academic Staff

Prof.Dr.Osman ELDOĞAN	Assos. Prof. Faruk YALÇIN
Prof.Dr Adnan DERDİYOK	Assos. Prof. Metin VARAN
Prof.Dr Raşit KÖKER	Assos. Prof Sezgin KAÇAR
Prof.Dr Durmuş KARAYEL	Assos. Prof Akif AKGÜL
Prof.Dr Sinan Serdar ÖZKAN	Assos. Prof Murat KARABACAK
Assos. Prof. Ergün NART	Asst.Prof. Mehmet Akif KOÇ
Assos. Prof. İhsan PEHLİVAN	Asst.Prof. Barış BORU

Graduate Programs

- Department of Mechatronics Engineering
Master Programs with Thesis
- PhD Programs
