

Department of Electrical and Electronics Engineering

The department provides engineering education on the subjects of electrical machines, electrical plants, circuits and systems, electronic and electromagnetic fields and microwave technology, telecommunication, control and remote control systems at undergraduate and graduate levels.

At the Master's level, it is aimed to gain the ability to conduct scientific research and to offer solutions to the problems. At the PhD level, it is aimed to analyze the scientific subjects from a broad and deep perspective and to contribute to the science with new syntheses.

Academic Staff

Prof.Dr. İhsan Pehlivan

Prof.Dr. Ali Fuat Boz

Prof.Dr. Raşit Köker

Prof.Dr. Hyun Soo Lim

Assos.Prof. Murat Karabacak

Assos.Prof. Faruk Yalçın

Assos.Prof. Halil Arslan

Assos.Prof. Sezgin Kaçar

Assos.Prof. Metin Varan

Assos.Prof. Mustafa Zahid Yıldız

Assos.Prof. Yavuz Sarı

Assos.Prof. Ali Erduman

Asst.Prof. Burak Arıcıoğlu

Asst.Prof. Ali Furkan Kamanlı

Asst.Prof. Ahmet Karaca

Asst.Prof. N. Berna Teşneli

Asst.Prof. Erdal Büyükbıçakçı

Asst.Prof. İlker Dursun

Asst.Prof. Selçuk COŞKUN

Asst.Prof. M. Server Fırat

Asst.Prof. Barış Boru

Graduate Programs

- Master Programs with Thesis
- PhD Programs
